Bold shapes · Ages 2-6

Eight bold shapes, two sheets of four. The routine: pick two crayons, colour the biggest shape first, then fill the middle, then the edge — **one sheet per sitting.**

### The two-crayon moves, every sitting

- [ ] Pick two crayons
- [ ] Biggest shape first
- [ ] Name the shape out loud
- [ ] Edge last, one side at a time

**Adult:** tape the sheet corners down so it stops sliding, and stay in the room while the crayon box is out — an adult, close enough to act. One sheet per sitting; the page goes on the stack finished or not.

## Colour it, then find the shape

A finished sheet has somewhere to go: the fridge door. Colour the circle at the table, then walk the room and point at round things — a plate, a clock, a bowl.

Ages 2-3 point while you name the shape; ages 4-6 name the shape themselves and find the next one.

**Adult:** stay in the room while the crayon box is out — an adult, close enough to act. One sheet per sitting; the page goes on the stack finished or not.
