More to fill, same pond. Ages 4-6 name the stages out loud as they go — **egg, tadpole, legs, frog.**

POND SCENE

The pond game

A finished frog page hops off the paper: tape a blue towel to the rug as the pond, line the finished frogs up on the sofa, and take turns hopping each one into the pond.

Ages 4-6 run the turns themselves; a two-year-old hops one frog with you, hand over hand.

Adult: stay in the room while the crayon box is out and while the towel pond is on the rug — an adult, close enough to act. Tape the corners down so the page stops sliding.
