Eight heart shapes, two per band. The routine: pick two crayons, color the biggest heart first, small ones second, background last — **one heart per sitting.**

The two-crayon moves, every sitting

- [ ] Pick two crayons

Adult: tape the page corners down so it stops sliding, and stay in the room while the crayon box is out. One heart per sitting — the page goes on the stack finished or not.

More to fill, same hearts. Ages 4-6 swap the second crayon after the first pass — **matching wings, a row of small hearts, bands.**

HEART CATERPILLAR

HEART RAINBOW

HEART WREATH

The card fold

A finished heart page turns into a card in two folds: fold the sheet in half so the heart sits on the front, then write a name inside.

Ages 4-6 do the fold and the writing themselves; a two-year-old folds it with you, hand over hand.

Adult: decide the address before the crayons come out — the grandparent book, the teacher's desk, the lunchbox. An adult stays in the room while the crayon box is out.
