Rocket Colouring Pages

Bold outlines · Ages 4-8

Twelve space drawings, every one something you can name at a glance. The routine: **one sheet a sitting, rocket first, stars last.**

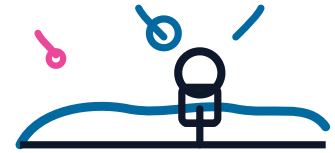

ROCKET

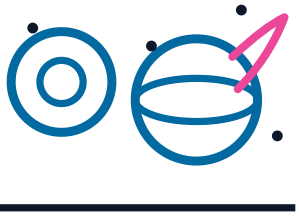

SPACESHIP

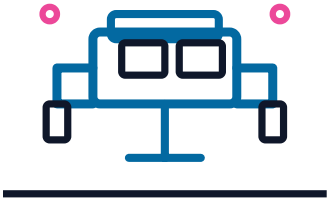

ASTRONAUT HELMET

MOON LANDING

PLANETS

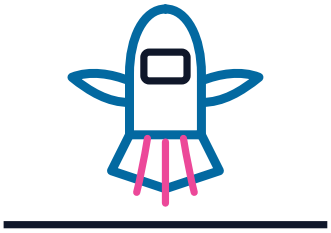

SPACE STATION

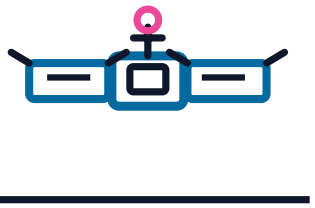

Adult: print on plain or matte paper and keep the sheet on a table. Chunky crayons or short pencils, and an adult, close enough to act, in the room while the crayon box is out.

Rocket Colouring Pages

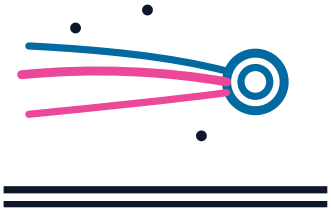

The second six: a space shuttle, a satellite, a comet, a moon buggy, a launch pad and a solar system — **the solar-system page is the whole sitting.**

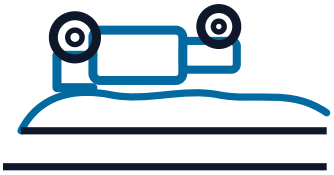

SPACE SHUTTLE

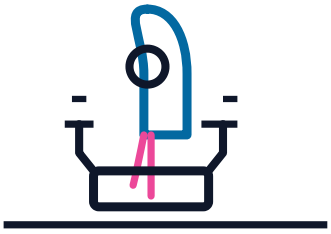

SATELLITE

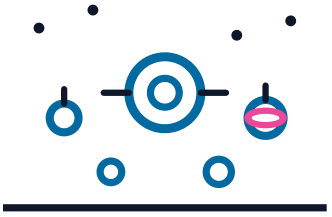

COMET

MOON BUGGY

LAUNCH PAD

SOLAR SYSTEM

Adult: the solar-system page is the last one of the week — the sun takes one colour, each planet another, and the stars are a full sitting on their own. Stay in the room while the crayon box is out — an adult, close enough to act.
