Seasons Coloring Pages

Winter & spring · Ages 2-6

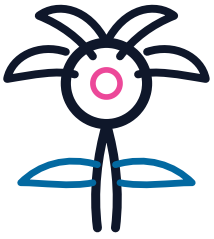

Four season pictures, two per sheet. The routine: pick two crayons, color the biggest picture first, details second, background last — **one season per sitting.**

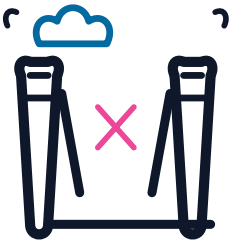

SNOWFLAKE

MITTENS

SPRING FLOWER

RAIN BOOTS

The two-crayon moves, every sitting

- [ ] Pick two crayons
- [ ] Biggest picture first
- [ ] Say the season out loud
- [ ] Background last

Adult: tape the page corners down so it stops sliding, and stay in the room while the crayon box is out — an adult, close enough to act. One season per sitting; the page goes on the stack finished or not.

Summer & fall · Ages 2-6

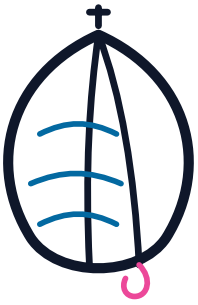

The warm pair and the harvest pair. Ages 4-6 add a second pass — **rays on the sun, veins on the leaf, a bow on every tail.**

Color it, then find it outside the window

A finished season page has somewhere to go: the fridge door. Color the snowflake at the table, then look for frost on the glass. Color the leaf, then find one on the walk.

Ages 2-3 point while you name the season; ages 4-6 pick the crayon that matches the day outside and name it themselves.

Adult: stay in the room while the crayon box is out — an adult, close enough to act. One season per sitting; the page goes on the stack finished or not.
